BALFOUR IS COMING TO MAKE PLANS FOR OUR CO-OPERATION IN WAR

ARTHUR J. BALFOUR

The selection of Arthur J. Balfour as head of the British mission to visit the United States in the interest of cooperation in the war, is supposed to be extremely pleasing to the United States. It is conceded that no man of greater experience could have been chosen for the work.

SOCIALISTS AGAIN MEET FOR PEACE

Move Believed to Be Growing in Power and Plan for Conference at Stockholm Is Announced.

(Associated Press Cable.) Copenhagen, via London, April 14.—Peace within two months and a half is predicted by the Copenhagen correspondent of the Danish Socialist Press, who confirms the report of unofficial negotiations between Russian and German Socialists as against the diplomatic denials in the Socialist newspapers here and in Berlin. The first negotiations, says the correspondent, who is a Socialist member of the Danish Parliament, were broken off, thereby enabling two papers to launch a denial that they were in progress; but they were immediately resumed and are being prosecuted vigorously. The correspondent pictures England as the sole obstacle to peace. There is reason to believe that the first part of his statement, regarding negotiations between Russian and German Socialists, is correct; but his exposition of German peace terms conflict with the recent highly official declaration of the North German Gazette that Germany is willing to conclude peace, but on terms compatible with the great sacrifices she has made.

OF MANY AMENDMENTS PROPOSED TO WAR BILL, FEW GET CONSIDERATION

Patriotic Speeches Feature Argument in House This Afternoon as Greatest War Revenue Bill in All History Nears Adoption—Vote Will Take Place Early This Evening.

LOAN IS TO "HELP U. S. MAINTAIN HER RIGHTS INSTEAD OF HELP THE ALLIES"

WASHINGTON, D. C., APRIL 14.—(BULLETIN, 3:30 P. M.)—THE SEVEN BILLION DOLLAR WAR LOAN BILL PASSED THE HOUSE TODAY.

Washington, April 14.—(Associated Press Dispatch)—Passage before night of the seven billion dollar war revenue bill by the House by an almost unanimous vote was assured today.

The measure was taken up in the House at 11 o'clock this morning, under an agreement to begin discussion of amendments under the five minute rule.

An amendment was added to limit specifically distribution of the proposed three billion dollar foreign loan, which the bill would authorize to countries at war with Germany, and only during hostilities.

It was approved by Secretary McAdoo and agreed to by the framers of the bill, after several members had insisted that without the limitations the Secretary of the Treasury might make loans to neutrals after the war is over.

An amendment by Representative Shackelford to levy an additional income tax with a view to preventing any net income of over \$50,000 annually to any person was ruled out of order on objection by Democratic Leader Kitchin.

A proposal by Representative Towner of Iowa to eliminate the proposed three billion dollar loan to the Allies was killed also.

Speeches by Republican Leader Mann and Representative Rainey of Illinois, Fitzgerald of New York and Gardner of Massachusetts, urging full adoption of the broad features of the Administration's plan, were roundly applauded.

Representative Towner explained he did not think power should be vested in the Secretary of the Treasury and the President alone to manage the loans without more assistance from Congress. He declared he was not opposed to the proposed loan itself.

Representative Fitzgerald aroused great enthusiasm by declaring he favored making the loan at once, not because of a desire to help another nation but to help maintain the rights of the United States.

"Whatever we may owe to France is not enough to justify our entering the war," he said. "We have been dragged into this war by another nation's violation of our rights. I have no sympathy with the statement that we may or may not get our money back. That is of no difference."

After rejecting a proposal to limit the term of the foreign loan bonds, an amendment by Representative Kitchin was adopted providing that not only that part of the five billion dollar bond issue first offered as a popular loan should not be at less than par, but the portion not subscribed, for which the Secretary of the Treasury may otherwise dispose of, shall be "at not less than par."

A flood of proposed amendments delayed the final vote, which, it appeared, would not be reached until late this afternoon or possibly early this evening.

GERMANS STILL IN RETREAT

By Associated Press Dispatch. British assaults have broken four miles more of the German front in an important sector of the Arras battlefield.

The Hindenburg line has been ridged on its northern end. Lens is being hemmed in, and General Haig's

forces are sweeping back the Germans from the Loos sector, far to the southeast of Arras.

Correspondents report every indication of a continuation of the German retirement under the smashing offensive of the British.

The Teutons are being hard pressed as they retreat, and explosions and fires are observed in their rear.

The fall of St. Quentin seems imminent. London reports capture by British forces of the village of Fayet, one mile northwest of St. Quentin.

The French are also close to this important position on the south, and Paris today announces the French guns hammering St. Quentin's defenses.

More big guns are being taken from the Germans as they retire. General Haig has reported a total of 166 captured, with more than 13,000 prisoners in all, and today's London official report mentions four more eight-inch howitzers taken.

STARVING AND HOMELESS FRENCH VILLAGERS GREET THEIR DELIVERERS

1. Almost every account of the happenings in the French district recovered from the German invaders by the British and French "push" lays stress on the pathetic joy of the villagers in finding themselves surrounded once more by friends. No 1 in the pictures shows British soldiers, accompanied by villagers, entering a destroyed place; No 2, French children welcoming the British "Tommies";

No 3, ruins of the "grande place" of Peronne; No 4, British general and his aide chatting with a little French peasant girl.

BOLIVIA CASTS LOT WITH UNCLE SAMUEL IN THE WORLD WAR

Denounces Submarine Warfare as Open Violation of International Law. Will Give Fair Treatment to the Aliens.

(Associated Press Cable.)

La Paz, Bolivia, April 14.—The note of the Bolivian Government to the German Minister announcing the severance of diplomatic relations with Germany denounces the attacks of German submarines on neutral vessels as violations of international law and of the Hague conventions.

The note recalls that the Bolivian Minister to Berlin was on board the Holland Lloyd steamer Tubantia when that vessel was sunk in neutral waters a year ago.

The note declares that German subjects and property will enjoy all liberties guaranteed by law, provided that they do not commit any act of delinquency, either collectively or as individuals.

OFFICIAL NOTICE HAS REACHED WASHINGTON

By Associated Press Dispatch. Washington, April 14.—Official notification that Bolivia has severed diplomatic relations with Germany reached the State Department today in a note from Foreign Minister Calderon. The text of the communication may be made public later.

CONFERENCE RAISE GUARD OF TEUTONS TO 600,000

(Associated Press Cable.)

Amsterdam, via London, April 14.—Under the presidency of Count Czernin, the Austro-Hungarian Foreign Minister, a conference will be held in Vienna on Thursday and Friday between representatives of Germany and Austria-Hungary, at which questions concerning the provisioning of both countries will be discussed, according to Vienna telegrams today.

BODIES FROM AMERICAN BOAT

(Associated Press Cable.)

Brest, France, April 14.—Three bodies wearing life belts, one of which was that of a sailor from the American steamship Aztec, torpedoed by a German submarine on April 1 with the loss of twenty eight lives, have been picked up by fishermen, brought ashore and buried.

The body of an unidentified American, not a sailor, has been found near Roscoff.

YOUNG ROOSEVELT IS MARRIED TODAY

By Associated Press Dispatch.

Philadelphia, April 14.—John G. Johnson, the widely known lawyer, died at his home here today. Death was due to heart disease. Mr. Johnson had been ill but a few days, although this fact did not become known publicly until after his death. He was 77 years old. John G. Johnson appeared before the United States Supreme Court in the famous Northern Securities case, the Standard Oil trust case, the United States Steel Corporation suit, now pending and in all the anthracite coal trust cases that have been instituted in the last ten years. Mr. Johnson refused positions in Presidential cabinets and twice declined offers of appointment to the Supreme Bench.

THE WEATHER

Washington, April 14.—(Associated Press Dispatch)—Weather for the week: Rains Monday and Tuesday, followed by fair until near end of the week, when showers are again probable. Warmer first half of week, followed by cooler after Wednesday.

U. S. PLANS TO SEND EXPERTS TO HELP RUSS

By Associated Press Dispatch.

Washington, April 14.—Official confirmation that the United States is considering sending a commission to Russia to see in what way this country can be of aid to the new government was given today at the State Department.

It was stated that while no final decision had been reached, the commission would cover all phases of Russian-American co-operation in the war.

The Administration wishes to do everything in its power to aid in making Russia a democracy and to aid in the common struggle against German autocracy.

To that end a large Russian credit probably will be granted as soon as Congress passes the war loan bill.

The probability that the United States may send war commissions to other countries than Russia also was being discussed today, but had not reached a definite stage.

NOTED LAWYER DIES TODAY

By Associated Press Dispatch.

Philadelphia, April 14.—John G. Johnson, the widely known lawyer, died at his home here today. Death was due to heart disease. Mr. Johnson had been ill but a few days, although this fact did not become known publicly until after his death. He was 77 years old. John G. Johnson appeared before the United States Supreme Court in the famous Northern Securities case, the Standard Oil trust case, the United States Steel Corporation suit, now pending and in all the anthracite coal trust cases that have been instituted in the last ten years. Mr. Johnson refused positions in Presidential cabinets and twice declined offers of appointment to the Supreme Bench.

ELKS ANNOUNCE FLAG RAISING FOR APRIL 24TH

Will Plant 50 Foot Staff on Lot Recently Purchased—Beautiful Ceremonies to Feature the Event—Out-of-town Orator Coming.

In keeping with the progressive and patriotism of the Washington Lodge of B. P. O. Elks, the order has announced a flag raising on the new lot recently purchased from the city, on Market street, and plans have been made to make the event the usual unbounded success which characterizes the every move of this very active lodge of energetic men.

Within the next few days a fifty-foot steel staff will be erected on the lot, and on Tuesday afternoon, April 24th, at five o'clock the formal flag raising will occur, and the public is invited to be present while the beautiful flag services of the order are carried out. An out of town orator will deliver the tribute to the flag.

The Elks will assemble at their home on South Main street at 4:30 and, preceded by the Washington band, will march to the Elks' lot for the flag raising, and once raised the flag will float day and night.

It is the desire of the Elks that all business houses decorate on that day and they will be asked to close at 4:45 in the afternoon so that all merchants and clerks may witness the flag raising.

The Elks in this city were first to respond in assuring President Wilson of their support, and the order of B. P. O. Elks is not only distinctively American, but is also intensely patriotic.

The big flag raising is expected to draw two to three thousands persons.

TWO ANNIVERSARIES FALL ON THIS DATE

This is the anniversary of the assassination of President Lincoln and the surrender of for Sumter.

Remembering the anniversary of the assassination of President Lincoln, Mr. R. H. Harrop Saturday carried to the G. A. R. Hall an excellent portrait of Mr. Lincoln, displaying it there during the day.

The picture came into Mr. Harrop's possession as a present from Mr. Edwards, the librarian of the Lincoln Home, at Lincoln, Illinois in 1914.

The picture contains this interesting notice:

"Mr. Lincoln in compliance with the request of many friends, had gone to the gallery to have his picture taken and with his hair carefully combed and brushed, had taken his seat in front of the camera, when, to the horror of the artist, he ran his long hands through his hair and tousled it all out of shape.

"As he did this he remarked in his dry, humorous way:

"My friends would never know me with my hair plastered down in that style. I'll make it look natural."

ROUSING PATRIOTIC PARADE PROMISED FOR NEXT FRIDAY

The committee in charge of the big patriotic parade and mass meeting to be held in this city next Friday evening, beginning at seven o'clock, are making plans for a rousing affair, and will extend an invitation to every organization in the city, whether composed of men, women or children, and in addition will invite citizens and organizations from all over the county.

The Washington Band will lead the big parade, and there will be banners, red fire, and such a demonstration as rarely witnessed in this city. Company M, or a portion of the company, is expected to follow the band in the big parade.

The committee is urging every person in the city and county to take part in the demonstration, and decorated automobiles will be a feature of the affair.

After the parade a rousing mass meeting with well known speakers will be held on the court house lawn, patriotic airs will be played by the band, and the meeting will be closed by "America" sung by the entire assemblage.

READY FOR BIDS FOR POSTOFFICE

Postmaster Sherman A. Murry, as custodian of the postoffice site in this city, is now ready to receive bids for the construction of the new postoffice in this city, and the bids will be opened at three o'clock on the 25th day of May, at the office of the United States Treasurer, Washington, D. C.

Postmaster Murry is momentarily expecting the arrival of the plans and specifications for the new building. Local contractors are invited to submit bids for the construction of the building.

SCORES OF WEARY TAX LISTERS COME

Saturday brought an unprecedented rush of tax-listers to the office of the County Auditor, where an extra corps of clerks aided in the work of tax listing, answering questions and filling out blanks until their heads whirled.

Not only did they flock in by the dozens and scores, but the telephones were busy, as usual, and questions of all kinds were asked.

The County Auditor and his assistants may be classed as the real assessors this year.

PYTHIAN SISTERS

The Pythian Sisters extend a cordial invitation to all sisters and knights and friends to attend the social session at Pythian Castle on Tuesday night, April 17th at 7:30.

FORCEFUL ADDRESS FAMOUS EDUCATOR

"If you control the leisure time of your boys and girls you control them all the time. The boys and girls of today have too much time for amusement and irresponsible activities," said Dr. J. H. Francis, nationally known educator brought from California to take the management of the Columbus schools, in his lecture at the High school auditorium Friday night.

The lecturer appeared under the auspices of the Parent-Teachers' club of Cherry Hill School. As Principal B. F. Toops said in a brief introduction, "The main idea of the Parent-Teachers' club is to bring the home and the school into closer relations, and we know of no better method of doing this than to give the opportunity of hearing America's foremost exponent of co-operation between the home and the school."

The subject of the address was "The Leisure Time in the Life of an American," and for an hour and a half Dr. Francis held an appreciative audience in interested attention, and presented many forceful and practical suggestions towards the solving of vital problems in the rearing and education of the boy and girl. A sympathetic undercurrent of humor running through his address gave insight into one of the reasons why Dr. Francis has been such a success in his work.

Among his statements Dr. Francis said: "The old school was not nearly so good as the modern one, but the old school of life was better because boys and girls were required to take responsibilities as a substitute for unoccupied time. In the large amount of leisure of today there is a tendency to dissipate powers.

"Today's amusements differ in type and tendency. The spectacular, with the thrill is demanded, and there is indifference to the serious side. In this society is at fault for not providing something worth while to take the place.

"The world of today is not living up to 25 per cent of its possibilities. I have a theory that every boy and girl can be saved to himself or herself, and to civilization, if you bring to them the right thing at the right time and in the right way.

"The great mistake is in expecting them all to thrive on the same process. The same treatment is given irrespective of the homes from which they came or the hereditary influence. What the world needs is to develop Johnny as Johnny, Jimmie as Jimmie and not try to mould Johnny into Jimmie.

Activity is the fundamental principle of life. If the boy is not doing the constructive he is doing the destructive. I do not believe in failure. The reason boys and girls do the wrong thing is because they have no chance to do the right thing. The most important thing in education is development of power.

"I believe in vocational and industrial education because many boys will not discover themselves in literature or mathematics, but will in the shop or on the farm.

"Get a boy into the thing where he can express himself and he is satisfied. A large reason for nation wide unrest is that so many are not happy in their work, but are simply 'making a living.'"

Dr. Francis believes in a play ground and a play teacher.

Before the lecture the High School Glee Clubs sang patriotic songs, exceedingly well, under Miss Sheen's direction and the High School orchestra played beautifully. Misses Reid and Davis accompanied.

HUNDREDS DISPLAY NATIONAL COLORS

The display of flags Saturday was the greatest since the United States entered the world war, and is now equaling the display in some of the adjoining cities, where flags have been floating from almost every building and residence.

As a result of the increased display of flags there was a noticeable increase in this country's part in the war, and a beginning of the realization of what will be necessary to uphold the country's honor.

Several new flag staffs have been erected on buildings during the past few days, and the colors cast to the breeze.

KILL THIS WEED

By Associated Press Dispatch. Wooster, O., April 14.—Wild garlic has been reported to the Ohio Experiment station from 78 counties in Ohio this year. Spraying with fuel oil from April 15 to May 1, before the plants begin to form heads, has been found by the Experiment Station most satisfactory to kill out this weed.

LYCEUM COMMITTEE RESIGNS IN A BODY

The Washington Lyceum committee's resignation was presented to the official board of Grace M. E. Church, at the business session, Friday night, and accepted by the board. No new committee has been named to take up the work, and if this is not done sometime within the next few months the Washington Lyceum Course will be dropped at least temporarily.

The reason assigned by the committee was the increasing difficulty experienced in pushing the course to success. However, a great many patrons of the course are hoping that a committee will be formed which will take up the 21st annual seasonal offering for next winter.

This year the committee paid all bills and had a small amount in the treasury. It has never been conducted as a money-making proposition, and no charge has ever been made to the committee for use of the church, heat and light.

DEVORE INDICTED IN CLARK COUNTY

CHAUTAUQUA WILL BEGIN JUNE TENTH

The annual Chautauqua this year will be held in June, beginning on the tenth day and continuing over seven days, with probably the greatest array of talent ever brought to the city in lyceum.

The second day of the Chautauqua will be Veteran and Patriotic day, and all veterans in the county will be guests of the organization. Mrs. Pickett, widow of the famous General Pickett, will be on the program that day.

The San Carlo Grand Opera Company and Dr. Medbury will be welcomed as return attractions, the San Carlo Company having a new repertoire.

INSPECTORS UNDER FEDERAL ORDERS

By Associated Press Dispatch. Columbus, O., April 14.—Ohio's high explosive inspectors are now operating under the direction of federal inspectors sent into the state to guard local munitions factories. The force of inspectors as well as the force of deputy fire marshals in Ohio is to be materially increased soon, on account of the war.

WONDERFUL PICTURES

Never has the Lyman H. Howe Travel Festival offered such a unique and wonderful program as in the 1917 pictures to be shown in this city Monday night.

Of course, the big feature is the expedition into the Antarctic continent, reproducing the ship "Aurora" plowing through a thousand miles of pack ice, a rookery of sea elephants; the first dog show in sea elephant villages; the home of the blizzard, the windiest place on earth; seeing penquins and seals living in perfect harmony; rookery containing more than a million penquins, the original Charlie Chaplin walk; the penquins forming a squad of honor for sea elephants and many other scenes of the Polar expedition.

There are indescribably beautiful views of these regions, in wonderful tints and strange forms of animals and bird life.

BRIEF RULES FOR DISPLAY OF THE FLAG

1. Display Old Glory from its own pole, by day only, with Union at top of pole.
2. If no staff or pole is available, hang the flag undraped, against a wall, right side out, which will bring the Union in upper left hand corner if the stripes are horizontal, or in upper right-hand corner if perpendicular.
3. Put it higher than your head.
4. Let the flag you sell, and the flag you wear, or display have forty-eight stars in even rows, with the flag's length one and nine-tenths times its width, and two and one-half times the length of the Union, the latter crossing seven stripes and resting upon the eighth, which is white.
5. For draped decorations and profuse expression of the patriotic spirit, use the red-white-and-blue, without stars. Give the flag itself an elevated, conspicuous place.

CHAIRMAN PATRIOTIC EDUCATION, D. A. R.

Another feature of national wonders will be a trip through Yosemite National Park, made doubly entertaining by the cartoon artist's conception of the big trees in this park. Thrills, and many of them, in a filmization of that automobile classic at Wilkes-Barre, Pa., where fearless drivers and racing cars go around the most dangerous curves of "Giant's Despair," at tremendous speed. These are supplemented with many other new pictures, including new and mated cartoons.

IN SOCIAL CIRCLES

The Woman's Missionary Society of the Presbyterian church had an exceedingly enjoyable and interesting meeting, Friday afternoon at the home of Mrs. Myrtle McCrea. There was a large attendance and everybody felt that just now, in this time and condition of the world, missionary work and missionary interests were of great importance.

The hostesses assisting were Mesdames Calvin Holmes, Clarence Baer, Thomas Pinkerton, Barrett, Roy Thompson O'Farrell, Page, J. W. Duffee, Hyer, Neil Jones, Walker, Zimmerman, A. J. Thompson, Misses Alta Sprenger, Rilla Coffman, Ethel Maco. Topics for the day were "The Freedman" and "India." The opening devotion was conducted by Mrs. Ustick. Owing to the illness of President Mrs. Hopkins, Mrs. Fullerton took her place.

The reports were made and that of treasurer Mrs. Waddell was very gratifying. Sixty-five paying members in line. Special attention was called to the Presbyterian meeting to be convened here next Thursday and Friday when some eighty delegates will be in attendance. This meeting has not been held in Washington for fourteen years.

Mrs. Jesse Blackmore was in charge of the program for the hour, the first number being an excellent paper by Mrs. Harry Sprenger on "The Advancement of the Negro." The results of the fifty years of work in developing schools and sending out teachers and leaders and preachers has been certainly an exceptional thing.

Mrs. McCrea opened her Victrola for a beautiful musical number. Mrs. Creath then gave a reading from woman's work on "Seed Sowing and the

Harvest in India." Items from the practical life of one of the missionaries there. Mrs. Chas. Severs also gave an interesting glimpse of India "A Strange School in the Vale of Kashmir," for a concluding number. A social hour with dainty refreshments was enjoyed before the Society dispersed.

Mrs. John Davies of Columbus was a guest.

Mrs. Joseph H. Harper and daughter, Miss Helen, complimented Miss Grace Lattimer Jones, of Columbus, Ohio field worker of National League for Woman's Service, with a luncheon of beautiful appointments Saturday.

Covers were laid for eight, the center decoration of white tulips. The guests with Miss Jones were the presidents of the clubs of Washington, Mrs. George H. Hitchcock, of Federated Clubs, Mrs. W. B. Woodward, Regent of the Daughters of the American Revolution, Mrs. Haldee Van Winkle Coffman, of the Browning, Miss Edith Gardner, of the Cecilians and Miss Gertrude Gardner.

The handsome Allen home on N. Main street, Friday night, was radiant with hospitality when Messrs. J. H. Allen, John Draise and John Browning entertained the Men's Bible class of the First Baptist church and their wives.

The affair was one of the most delightful in the winter's series, with Charades, the piano player and other music contributing entertainment. Mrs. Allen and daughter, Miss Flora, Mrs. Draise and Mrs. Browning assisted the hosts in serving appetizing refreshments.

Twenty-five neighbors surprised Mr. and Mrs. C. W. Shough, of Clinton Avenue, Friday evening, in honor of

Mr. Shough's thirty-fourth birthday. The evening was one of much reciprocal pleasure and the courtesy of their friends fully appreciated by Mr. and Mrs. Shough.

Miss Mary Cullen and Mr. Tom Cullen, and Mr. Wm. Lucas drums, played spirited music and everybody had a jolly good time.

Delicious refreshments were served from the neighbors' big hampers.

PERSONALS

Misses Mary Alice Culhan and Lora Ellen Sharp were guests in Wilmington, Friday night to attend a dance given by Miss Louise Williams. Miss Mazie Rowe visited in Sabina the last of the week.

Miss May Smith, of Milledgeville, is the week end guest of Miss Flora Allen.

Mr. R. O. Young and little daughter, Jane, returned Friday from Chicago, where they were the guests of Rev. and Mrs. David H. Jones for ten days while Mr. Young attended the furniture market.

Mr. Frank S. Jackson left Friday evening on a business trip to Chicago. Mr. O. S. Tobin and family moved Monday from S. North streets to the George Hays house on E. Temple street of which they have rented half.

Mr. Austin F. Hopkins has made remarkable improvement during the last few days and Mrs. Hopkins is recovering from an attack of tonsillitis. Mrs. G. W. Collins left Saturday morning for Urbana to visit her daughter, Miss Mary Jane Collins.

Mr. and Mrs. John Davies, of Columbus, were the guests of Mr. Austin F. Hopkins and family on Friday.

Mr. and Mrs. H. T. Wilkin, sons, Masters Daniel and Philips, motor over to Hillsboro to spend Sunday. Mrs. Wilkin and sons will remain for

a week's visit with Mrs. Wilkin's mother, Mrs. W. N. Bean.

Mr. and Mrs. H. C. Teachnor spent Thursday and Friday in Cincinnati to see "The Birth of a Nation" and other attractions.

Miss Grace Lattimer Jones of the Columbus School for Girls, who addressed a mass meeting for women as field worker of the Woman's League, Saturday afternoon was the guest of Mrs. Joseph H. Harper and daughter, Miss Helen, a graduate of the Columbus School for Girls.

Prof. W. W. Davies came down from Delaware to spend Sunday.

Miss June Lampe was the guest of Miss Mina French to attend the lecture of Dr. Francis, Friday night.

C. F. Ridenour and family have rented the A. T. O'Neill residence on East High street. Mr. Ridenour and family have been occupying the J. R. Atchison home, but Mr. Atchison and family expect to return here from West Palm Beach, Florida, next week. The O'Neill family expect to move to Washington, D. C. as soon as a suitable house can be secured at that place. — London Democrat.

Miss Ada Woodward was a visitor in Cincinnati Friday.

Mrs. Will Wooley and two children of Greensburg, Pa., who are spending some months with Mrs. Wooley's mother, Mrs. Starr of Austin, are the guests of Mr. and Mrs. Williams Craig at Sunnybrook farm.

Miss Dorothy Fullerton spent the past two days with her sister, Miss Margaret Fullerton, in Columbus and to meet her father, Mr. Frank M. Fullerton, returning from the east.

Mr. Joseph H. Donnell returned Saturday morning from Washington, D. C., having resigned his position with the Interstate Commerce Department to associate himself with the Frank L. Stutson Co. department store. Mr.

and Mrs. Donnell and little son will reside with Mrs. Donnell's mother, Mrs. Frank L. Stutson, until they find a desirable house when they will go to housekeeping.

Mrs. Mooney returned to her home in Cleveland Saturday after a visit with her parents; Rev. and Mrs. G. L. Hart.

Mrs. C. F. Parker, of Greenfield, is visiting Washington friends.

Mr. Chas. Conn, of Cleveland visited his sisters the Misses Conn, Friday night.

Mrs. T. M. Craig, of Sabina visited her niece, Mrs. John McFadden, while shopping in this city Saturday.

Mrs. Floyd Elliot and son, Ambrose went to Columbus, to visit Mrs. Elliott's parents, Mr. and Mrs. W. F. Ambrose.

Harry H. Howett, of the Ohio Board of State Charities, was a visitor in town Saturday in the interest of the Children's Welfare department.

TEARS OFF FLAG; TAKEN IN CHARGE

Snatching the American flag from an automobile or any place else at the present time is an offense not likely to be passed lightly by, as demonstrated in this city Saturday.

A young man by the name of Tillett was passing along the street, having a good sized flag at each corner of his machine, and in passing several young men, one of them snatched a flag from the machine, breaking the staff. Tillett stopped his car and went back after the flag, but failed to locate it, the crowd denying that they

had it. He reported the affair to Chief Moore and within a short time the young man who had taken the flag was at police headquarters.

When asked his reasons for removing the flag the young man declared that he meant no harm toward the flag, but removed it because he believed the car was over decorated. After a lecture he was dismissed with the admonition not to repeat the act under any circumstances.

SMITH BOUND OVER UNDER \$100 BOND

Harvey Smith, colored, charged with assault with intent to wound his wife, arrested at his home in this city Friday morning, was given a preliminary hearing before Mayor Oster, Saturday morning, and held to the grand jury under \$100 bond.

A number of witnesses were summoned in the case, and Maddox & Nye Gregg prosecuted the case.

The charge of carrying concealed weapons was dismissed because the act was committed in his own home.

A lively tilt was indulged in by the attorneys and Mayor Oster before the matter of bond was finally disposed of.

OBSERVE ARBOR DAY IN PUBLIC SCHOOLS

Arbor Day was appropriately observed in the city schools, as well as in a great many schools of the county, Friday, and tree planting and exercises were plentiful.

At the High School and Central school exercises were conducted in the high school auditorium, and Prof.

Geoffrey Morgan, of the Athens, Ohio, schools, delivered a most interesting address. Tree planting followed.

At Sunnyside and Eastside exercises were carried out, creating more interest in forestry and the bird family. At Cherry Hill the patrons donated a number of rambler rose shrubs, and these were planted near the steps, twelve girls taking part in this work. The Governor's proclamation was read, the flag saluted and the exercises closed with the singing of "America."

WASHINGTON IS NO PLACE FOR LOAFERS

If present plans are carried out,
Washington will be no place for loaf-
ers during the coming season, and
habitual loafers who are capable of
work may face charges of vagrancy
unless they get busy and not attempt
to hold down the court house lawn
seats, or frequent loafing places
about the city.

Every unemployed man will be in-
dexed and if he cannot find work,
work will be provided, according to
the plan. Then if he does not work
he may be sent where work is con-
ducted with armed guards standing
over them.

The committee in charge of the
work expects to co-operate with the
city authorities in insuring every able
bodied man doing his "bit."

Fayette county farmers will, it is
claimed, take all young men and
able bodied men who will work.

DEPUTY AND PRISONER DIE

(By American Press)

Napoleon, O., April 14.—Deputy Sheriff W. A. Magill, thirty-nine, and an unidentified prisoner who was being brought here on a charge of attempted burglary, were instantly killed, and Sheriff P. H. Rechert, forty-one, was probably fatally injured when their automobile was struck by a Wabash train at Liberty Center. Rechert suffered a concussion of the brain, a fracture of the arm, and, it is feared, a broken neck. The prisoner had given his name as Kirtz of Monticello, Ind. He was about fifty years old.

READY FOR ANY ORDER

(By American Press)

Columbus, April 14.—In the event the federal department of agriculture should find it necessary to place farm operations in the United States under martial law in order to get every acre seeded and cultivated, Ohio will have her machinery ready to carry into effect any agricultural orders which may be received.

Every county in the state today will have a food crop commissioner, supplemented soon by agents in every township. These men will not wait for instructions from Washington, although they will co-operate with federal authorities, but will proceed immediately in accordance with food production suggestions to be issued by the governor and an advisory council.

Telegrams asking county commissioners to appoint "food and crop commissioners" went out from the governor's office. Many counties immediately responded and the governor has in his hands the names and addresses of their food commissioners. These men will serve without pay unless subsequent means for compensation is found. At least some sort of honorary recognition will be given them. Governor Cox has promised he will issue war commissions to the county food commissioners.

State Superintendent of Public Instruction Pearson has appealed to male teachers to cultivate plots of ground of their own and to go out into the fields to assist in planting and harvesting. He recommends that school credits be given to students for farm and garden work done under supervision.

Every boy ten years of age or older should be enlisted in the work, he says, adding that pupils engaged in planting should be excused for the time being from school duties. These things, Pearson asserts, are not merely advisable, but a necessity.

The governor realizes that the task of eliminating waste land will be found greater in the country than in the cities. It will take a considerable outlay of money to seed or plant large acreages and labor will be more difficult to secure in the rural districts.

Production in cities through backyard gardens and vacant lots will be almost 100 per cent, it is expected. Labor will be more readily available and seeds in many instances can be secured for nothing.

Arch C. Klumph, Cleveland, international president of Rotarians, came to Columbus yesterday to promise Governor Cox the fullest co-operation of Ohio's 2,600 Rotarians. "We realize that this war will be won by seeds and not only by bullets," said Mr. Klumph in conclusion.

TO REGULATE FOOD PRICES

Government May Ask Power of Congress.

Washington, April 14.—Intensive development of the food producing power of the United States on a scale never before contemplated was discussed by President Wilson and Secretary Houston as the means of meeting the vital problems of the war with Germany.

Secretary Houston returned from St. Louis, where he conferred with representatives of the great grain raising states. He laid before the president plans under which the federal government, working in co-operation with state and local agencies will put forth its utmost endeavors to stimulate the production and economical distribution of food.

The plans include a request for legislation by congress giving the government the power to regulate and fix food prices if necessary and to license large distributing agencies. Secretary Houston will hold conferences with congressional leaders to agree on the terms of the needed bills.

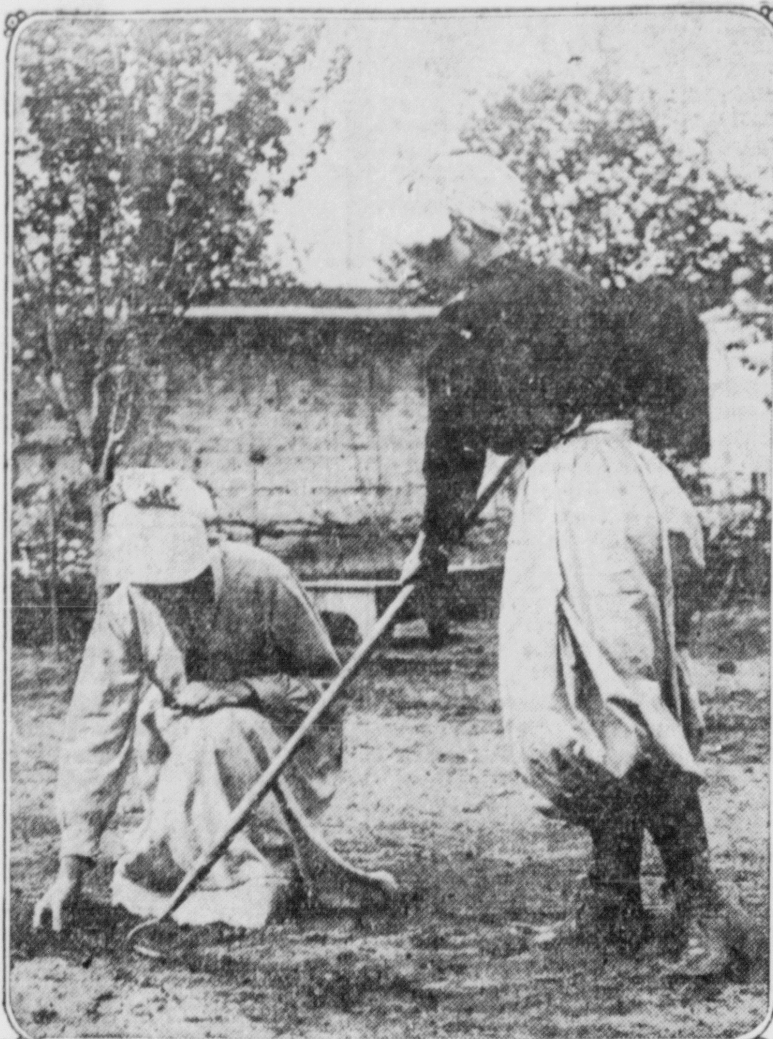

To continue the government's agitation for increased production and economy in the use of foodstuffs, President Wilson probably will issue a proclamation to the nation soon, directing attention to the situation.

AIMS AT PLOTTERS

(By American Press)

Washington, April 14.—A drastic wartime bill, providing heavy punishment for plotters against the government in time of war was favorably reported by the senate judiciary committee. The bill provides a fine of \$10,000, imprisonment for thirty years, or both, for any person convicted of wilfully destroying by fire, explosion or other violent means any war material, public utility, public building or government property during time of war.

WARTIME WOMEN FARMERS ARE A POSSIBILITY

WILL THE WOMEN FARMHANDS LOOK LIKE THIS?

Farmers who are short of help to work on their farms this season may apply to the national committee on suffrage agriculture, Mrs. Henry Wade Rogers, chairman, at the national headquarters, 171 Madison avenue, New York city. They will be supplied with women who are sending their names in daily to the committee saying that they would like to do farm work for wages. Others wish to be farm managers.

A few years ago Mrs. O. H. P. Belmont, well known society woman and suffrage leader, started a farm for suffragists on Long Island. A few of her proteges are seen in the picture. It has been suggested that their costumes would be appropriate for the women now taking up wartime farm work.

HOME GARDEN SUGGESTIONS

POTATO PLANTING.

More inquiries reach the National Emergency Food Garden Commission which is co-operating with this paper in urging garden planting this year, asking about potato growing than relate to any other crop.

This is due to the fact that the price of potatoes this spring has reached heretofore unknown heights, continues the bulletin.

It is entirely possible to grow considerable crop of potatoes in a good sized back yard, but if potatoes are grown there will be little room for other crops. In a small garden it is hardly worth while to plant only a few hills of potatoes.

A garden space 50 by 100 feet will produce 12 to 15 bushels of early potatoes with good care, and may do much better than this. Late potatoes produce larger yields than this.

The soil should be thoroughly prepared for potatoes, the finer its grain the better. Potatoes are grown from seed but from the tubers themselves. The small "eyes" in the potato, which everyone has observed, is the embryo sprout waiting only for soil to make it grow.

The cost of potatoes, therefore, makes the seed expensive. But this cost can be offset by the method of planting. Since only the "eyes" and a small portion of the tuber's flesh with it need be planted, the body of the potato may be eaten after the "eyes" have been cut out from it.

These cuttings should be cone shaped to save as much of the potato for use as possible. If the soil is finely worked the "eyes" can be planted singly 1 foot apart, 3 inches deep or shallower, in rows 26 inches apart. Potatoes for early use should be planted as soon as the danger of killing frosts is over. After the plants are up and frost threatens they should be protected with straw, newspapers, or the like.

When single "eye" cuttings are used, 2 bushels of potatoes will plant a plot 50 by 100 feet. After the cones are cut out they should be spread on paper for two days to dry them before planting.

NEW GERMAN U-BOAT ZONE

(By American Press)

Washington, April 14.—Germany will announce within a few days that the zone in which all vessels will be sunk by submarines without warning has been extended to the entire north Atlantic ocean. This was the belief of high officials of the government, following receipt of confidential official reports from diplomats friendly to the United States. The enlargement of the war zone is being planned in an effort to stop all neutral trading with the United States and thus greatly diminish the number of commerce vessels now available for the transportation of foodstuffs to Europe. The reported intention of the German government was said to have been decided upon shortly after the entrance of the United States into the war.

HAVE COLOR IN YOUR CHEEK

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
